

2021 NEW YORK STATE REQUIRED SUMMER CAMP CERTIFICATION PROGRAMS

Lifesaving Enterprises will provide you with New York State Department of Health approved educational programs for summer camp staff, and documentation for your camp inspectors.

Lifesaving Enterprises specializes in all area of summer camp safety. In addition to training for certification we recognize there is a spectrum of experience so we run more than just a Lifeguard Training Program, or Advanced First Aid Program, our focus is to create a safety team where everyone learns the same material and most importantly learn how to work together (varied world certifications). We aim to create a unified team of new staff (lifeguards/outdoor), and seasoned ones. Our instructors will give your management staff and their lifeguard team the tools needed to effectively run their swim and activity programs.

GENERAL PROGRAM NOTES:

- **Minimum invoice at 8 individuals**
- Most certifications are valid for up to two years (depending on local Department of Health codes).
- Participation in course does not guarantee certification.
- Course lengths vary dependent on instruction, practical skills, testing and comfort breaks
